Most online baccarat games have betting limits from \$1 to \$100. They do this for a reason –

With low betting limits they prevent players with a high-powered baccarat strategy like Six-Bet Baccarat from being able to win high amounts every hour.

Many players do quite well playing in the \$100 max bet games.

After all, if you play 20 hours a week in these games you can easily make over \$10,000 a week.

However, you can do ever better playing online in High Roller casinos –

There are a few High Limit or “High Roller” online casinos which offer baccarat games with \$500 betting limits. We have several of our players who have played in these casinos winning from \$26,000 to as high as \$47,000 every week!

We reveal three of the best High Roller Casinos in this report.

The Millionaire Casino will match your deposits 100% up to a maximum of \$5,000. Playing here is the easiest way I know to pick up a quick and easy \$5,000!

Pinnacle Sports Casino will accept wagers as high as \$5,000 for baccarat. Play here and you can easily win \$50,000 a week using Checkmate Roulette!

The third casino, Bodog Casino, is a favorite with US players offering because it offers generous bonuses and accepts just about any kind of action you like.

Best of all, all of the casinos are large enough that you can play and win with virtually no heat because you **are a winner!**

**Our Select High Limit Casinos
Betting Limits**

Casino	Blackjack	Roulette	Craps	Baccarat
Millionaire	\$300	\$300	\$1,000	\$500
Pinnacle	\$10,000	\$5,000	\$2,000	\$5,000
Bodog	\$500	\$300	\$1,000	\$500

Millionaire Casino Review

Millionaire is the top US friendly Casino for high limit Craps and Baccarat.

- US friendly.
- Not Mac compatible.
- Highest limits for US friendly Craps and Baccarat.

Millionaire is a very respectable (and increasingly) popular Casino amongst high limit US players. Overall, this is far from offering the highest stakes games around, however as a Casino accepting US players it makes it a very prominent option.

Although there is a \$5,000 weekly withdrawal limit, the Millionaire Casino is renowned for its variety of Banking options and fast withdrawal times

Millionaire Casino Game Limits

Blackjack	Roulette	Craps	Baccarat
\$300`	\$300*	\$1,000	\$500

* This is the total maximum amount that can be wagered on one spin.

The main reason you would want to play at Millionaire is because it offers the highest limits for Craps and Baccarat at a US friendly Casino.

Between the two US friendly Casinos of Bodog and Millionaire, Bodog has the highest limits for Blackjack and Roulette, whereas Millionaire has the highest limits for Craps and Baccarat. So the choice between the two depends on which games you prefer to play the most.

Bodog is the top overall US friendly high stakes Casino, but both are perfectly good Casinos to play at. If you're undecided, you can always try both.

Millionaire Banking Limits and Withdrawal Times

Method Deposit Time Withdrawal Time

Credit Card Depends Instant n/a n/a

Moneybookers \$2,500 Instant \$2,500 Instant

Neteller \$2,500 Instant \$5,000 Instant

UseMyWallet \$500 Instant \$5,000 Same Day

Bank Wire n/a n/a \$5,000 2-5 Days

Check n/a n/a \$3,000 ~1 week

There are fewer deposit options than withdrawal options for US players, but it is still perfectly possible to make large deposits into your account. The best option would be via Credit Card, which is discretionary based on your status at the Casino.

As a new player, you may be limited. However, if you are frequent player with a good record of deposits, your deposit limit will become much greater. So it will pay off to stick with Millionaire after signing up.

The weekly limit on withdrawals is \$5,000. Therefore, if you made a withdrawal of \$20,000, you would be paid \$5,000 on 4 consecutive weeks. Bank Wire and UseMyWallet are the best options for US player withdrawals, offering a daily payout request limit of \$5,000.

With Millionaire's \$5,000 weekly limit for withdrawals, you may be interested in the more flexible cashier for high limit players at Bodog. Bodog is rated top out of these two US friendly high limit Casinos.

Millionaire Casino Software

Just as like at Bodog, the Millionaire Casino runs very smoothly. The graphics are not quite as sleek as Bodog's, but the gameplay is on par.

Unfortunately, there is no online flash version of the Casino. So if you're a Mac user or just looking to place some bets on the fly, you're going to have some trouble. Millionaire only currently offers a download version of the Casino for players.

The best (and only) US and Mac friendly high limit Casino is Bodog.

Millionaire Casino Bonus

Millionaire offers a half decent bonus of 100% up to \$500 for all new depositors. However, this bonus extends for a further two deposits. So starting from the first deposit:

1.100% up to \$500

2.100% up to \$250

3.100% up to \$250

The biggest downside to this bonus money is the larger 20x roll over requirements of bonus + deposit before it can be withdrawn. This could be a bit of a problem if you're making a large deposit, so you may want to request to not receive the bonus and play as normal.

Pinnacle Casino Review

Pinnacle is the top rated Casino for high limit players.

- Not US friendly.
- Mac compatible.
- Highest table limits for Blackjack, Baccarat and Craps.

Visit Pinnacle Casino

Although Pinnacle sports started out as a Sportsbook, it has made way for a Casino that offers by far some of the highest stakes around for many popular Casino games.

Unless you are from the US, I would highly recommend that you consider Pinnacle as your first option if you looking for the highest limit games possible at an online Casino.

Pinnacle Casino Game Limits

Blackjack	Roulette	Craps	Baccarat
\$10,000	\$5,000*	\$2,000	\$5,000

* This is the total maximum amount that can be wagered on the table per spin.

Pinnacle Casino clearly has the highest table stakes available of our select casinos. You are not going to be able to find higher and safer limits like these anywhere else, which is why I have rated Pinnacle as top for high limit action.

The table limits of Blackjack, Craps and Baccarat are comfortably higher than the next best Casinos.

All in all, if you're looking for the safest and highest table limits around, Pinnacle is the perfect option.

Pinnacle Banking Limits and Withdrawal Times

Method	Deposit Time	Withdrawal Time
Bank Wire	No Max	~3 days
Moneybookers	\$50,000+ Instant	\$60,000 ~1 day
Neteller	\$50,000 Instant	\$50,000 ~1 day
myCitadel	£50,000 Instant	£50,000 ~1 day
Credit Card	\$1,000 Instant	n/a n/a
Check	n/a n/a	n/a n/a

One of the best aspects of Pinnacle is the very flexible cashier. For the highest deposits, Bank Wire is the preferred option for many high stakes players.

In addition, the online wallet options of Moneybookers, Neteller and myCitadel each have very large deposit and withdrawal limits, with transactions made to and from the Casino being very speedy.

There are a number of other payment options available in the cashier, which are outlined on the Pinnacle Casino website. However, the ones listed above are the most popular and most efficient for high limit players.

Pinnacle Casino Software

The Casino software for Pinnacle is very professional and runs incredibly smoothly. You can't really ask for much more than sleek software and clear graphics, so there are definitely no problems in that department.

If you visit the Pinnacle website you can try the free play demo without having to sign up for an account. It's well worth trying out, although I'm confident that you won't be disappointed with it.

Pinnacle Casino Bonus

In addition to Pinnacle being top rated out of the high limit Casinos, it offers one of the best bonuses (if not the best bonus) for new players. The nature of this bonus makes it perfect for high limit players too.

- 10% match up to \$500.
- Wagering requirements of 6x the deposit amount.
- Bonus must stay in account for minimum of 30 days.

Even though the \$500 is not going to be a lot for the highest stakes players, the wagering requirements are the lowest that you are going to find. So whereas you might want to avoid other Casino bonuses, this one is worth taking advantage of.

The bonus is available to all new players at Pinnacle Casino, so all you have to do is sign up and make a deposit. Easy as that.

Bodog Casino Review

Bodog is the top high limit Casino for US players.

- US friendly.
- Mac compatible.
- No max deposit/withdrawal limit.
- Great software.

Bodog is also a very well established gambling company, providing a very popular Sportsbook and Poker room along with it's superb Casino.

The Bodog Casino runs on the RTG gaming network, and offers higher game limits than any other Casino within the network.

Bodog Casino Game Limits

Blackjack	Roulette	Craps	Baccarat
\$500	\$500*	\$100	\$250

* This is the maximum that can be wagered on the outside and inside betting areas. The total table limit for Roulette is \$1,000 per spin.

This Casino is the best option for US players in my opinion, as you are not going to find better game limits or software elsewhere.

If you are a high limit player living outside of the US, there are many other solid options other than Bodog that offer higher limit games. I recommend checking out Pinnacle Casino.

Bodog Banking Limits and Withdrawal Times

Method Deposit Time Withdrawal Time

Credit Card \$2,000* Instant Varies* 1-2 days

eWalletExpress \$1,000* Instant Varies* Varies

Virtual Pin \$500* Instant n/a n/a

Moneybookers Varies* Instant \$10,000* Instant

Neteller Varies* Instant \$8,000* Instant

Check n/a n/a \$3,000* ~2 weeks

This denotes a US friendly option. Non-US players can use these also.

* There are no actual deposit or withdrawal limits at Bodog. These amounts simply state the increments at which payments will be made. Players are able to withdraw and deposit as much as they like.

Bodog is very comfortable with processing large deposits and withdrawals. Credit Card and eWalletExpress are ideal methods for depositing at Bodog for US players, as Bank Wire is not a supported deposit method. As mentioned, there is no deposit limit, just increments at which payments are made.

For withdrawals, Check is the top option for US players, with Bank Wire being made available for large withdrawal amounts. Although there are withdrawal "limits", these are simply the increments that you will be paid by. For example, if you make a \$15k withdrawal via Check, you will receive 5 individual \$3k Checks.

Bodog Software

I really enjoy playing on the Bodog Casino software. It's very sleek and very professional, which makes the games a pleasure to play. There is both a downloadable version and an online flash version, which is handy for Mac users.

The Roulette table is a little cramped, but that's not too much of a problem. All of the other tables look great and play like a dream.

Bodog Casino Bonus

Bodog offers one of the better new player bonuses with its unlimited 10% bonus.

- Unlimited match bonus of 10%.
- Deposit + Bonus must be rolled over 15x in the Casino before withdrawal.
- Some Casino games are exempt.

This is an automatic bonus, and no bonus code or anything of the sort is required. If you do not want to receive the bonus, just email support before placing any wagers in the Casino.
